Duxbury Treat

It's May!! It's May!! If ever there was a perfect time to wander up the coast to the town of Plymouth and beyond, this is it. Because all the rotten weather blows up our coast from the south, over the cold water, we do not enjoy a Spring to brag about. Not so in the Plymouth area. After the frigid wind blasts us, it goes inland to warm up, and so by the time it reaches the coast just north of us it is fit to bask in. We'd like to recommend that you travel just beyond Plymouth and wander through Duxbury. You will see the daffodils everywhere. It's a brilliant yellow world amid the trim homes of this stretch of beautiful community that reaches toward the sea on the north side of Plymouth harbor. On the highest knoll of this coast is the Miles Standish Monument which was built as the centerpiece of the park that surrounds it. Visible for miles, a statue of Miles Standish stands at the very top pointing toward Plymouth

Once, before vandals became acceptable, it was possible to climb the monument via a spiral staircase and the view from the top overlooking the harbor and Plymouth was marvelous. Today, the monument is closed and the windows sealed with stone, but the outlook from the base is still a pretty sight even if it is a more limited one. This is pretty country, and because of the warming earth it is about a month ahead of

us into Spring. On the return, the attractions of the Plymouth waterfront are always a good diversion. Walking around the canopy which protects the legendary rock from the weather are people from every part of the world. No matter where they come from, this is the place that has fired their imagination and drawn them. This is the spot where the pilgrims made their settlement, and on the hill behind stands the statue of Massasoit, the Indian chief who saved many in that first bitter winter when many others died. The rock, the village, the Mayflower II, the museums are a starting point for those diverse people who come far to see the United States.

MATTAPOISETT SELECTMEN'S MEETING
APRIL 38, 1992-by VIRGINIA MORGAN

The Finance Committee informed selectmen last Tuesday that even with a "bare bones" budget for the annual town meeting May 18th the fiscal 1993 budget will probably have $600,000 in overrides. There are tentatively 11 override questions, said Finance Committee Chairman Robert Banż. There is no free cash; there is some stabilization monies but not much.

The prospects for no money for parades, no money for band concerts and no money for opening the town beach has caused much anguish among the selectmen, finance committee members and townspeople. The

question of whether to charge fees for use of the beach or to have no services was discussed.

Peter Kortright has proposed charging fees to use the beach. He asked, "Wouldn't it be better to place an article on the warrant to give voters a chance to express an opinion and try something different - even if it fails, we've tried?" Selectman Daniel O. Mahoney said "We are willing to listen but are not comfortable with user fees, and we are willing to allow discussion on a study committee. Our responsibility under the state statute is specific - selectmen must recommend the statutory use of town money, and we will not recommend this article to charge user fees." It was concluded to remove the article from the warrant as it presently reads.

Selectmen noted that approximately $1,800 was spent last year for the opening of the restrooms and shower, an attendant and supplies. Selectman Paul Lambalot noted that when people were informed of the reason more services were not furnished, there were no complaints made to this office.

Mr. Mahoney said "We feel there is no significant support for user fees, but it could be a discussion item on town meeting floor. However, we are willing to work on an alternative, allowing only restrooms and showers, if we can find the money."

In other business, Selectmen:

PARK MOTORS

FAIRHAVEN, MASS.

Continental offered to have its survey company, Malarkay Taylor Associates of Washington, DC, conduct an independent survey for Mattapoisett at no cost to the town.

Mr. White said he believes Continental plans to rebuild its operation and would initiate an Institutional Network Sytem, of special interest to the schools. The system would film an event with the signal going live to the school or home, thus eliminating the taped program. The system would also handle attendance and budget questions between schools.

Selectman Daniel O. Mahoney, who conducted the meeting in the absence of Chairman John DeCosta, asked, "Who pays for it?" Mr. White explained the school system has other towns, both of which are also in the cable system - the cost would be shared. "I feel if we request this network, Continental will go along with us during its rebuilding plan to get the 1970s technology into the 1990s.

Selectmen felt inclined to go along with a small step by trying the inter-school system. However, neither Mr. Mahoney nor Mr. Lambalot felt it was good business to have Continental pay for a survey on itself. They preferred a written survey with copies of the results rather than a random telephone survey proposed by the cable company. Also, selectmen favored knowing the specific questions to be asked before the survey is taken.

Mr. Perkins said "You don't get something for nothing. I'm sure we will pay for it. Continental wants a 10-year contract in order to get a return for its investment. It would be a good idea to negotiate a contract, with review every few years." The present contract expires in 1994.

GRANTED a Hawkers and Peddlers license to Leroy J. Bowman, 1 Spring Street, Fairhaven to sell hot dogs, hamburgers, and beverages within the limits of Mattapoisett, excluding town wharf areas abutting Shipyard Park. Mr. Bowman, doing business as Top Dog, will be in operation all year. He has a state license, but needs selectmen's approval

WERE NOTIFIED by Bruce Lider, attorney for Patricia Monteiro, that a formal appeal has been filed in Wareham Fourth District Court, appealing the selectmen's order to dispose of her pet dog.

Selectmen agreed not to follow the order to destroy the dog until the court's decision but will continue to enforce the order not to allow the dog out of the house unless someone is in attendance.

RECEIVED A LETTER from FEMA (Federal Emergency Management Act) recognizing the professional performance of Building Inspector Andrew J. Bobola in the administration of the National Flood Insurance Program's standards. The severity of the event (Hurricane Bob) underlies the importance of the rebuilding decisions made by him. "His performance far exceeded that which is normally expected of a building official during such trying times. His actions will result in a long-term recovery program that will benefit the Town of Mattapoisett and local property owners."

the more hazardous Route 6 to more concentration in village streets.

Robert Gardner and Charles Prefontaine explained the 22nd annual road race will start at 10 a.m. at the same place as previous years and end at the same place on Water Street at Shipyard Park.

Mr. Gardner, who has been on the committee since its beginning, said the revised route will not tie up Crescent Beach and Point Connett traffic, will take the runners off Route 6 and dangerous traffic flow, permit access to the wharf from the west after initial race starts and will keep the race localized. The new route has been approved by Police Chief James F. Moran. Drawbacks of the new route are the need for more spotters and supervision and more corners for runners. "However, we anticipate having plenty of help for spotting", said Mr. Gardner.

Starting on Water Street at Shipyard Park, the new route will proceed west on Main Street to Hammond, right on Hammond to North, right on North to Church, left on Church, then a short way on Route 6 turning right on Church Street Extension, right on to Old Marion Road to Tupola Lane, to Holly Lane, left on Holly to Ned's Point Road, then proceed to Ned's Point Lighthouse, circle the Lighthouse at Veterans' Park, then proceed on Ned's Point Road to Beacon, then righ on Beacon to Oakland, left on Oakland to Church, right on Church to North, right on North to Hammond, left on Hammond, left on Pearl to Church, right to Main Street, then right on Main Street to the finish at Shipyard Park.

Committee member Mr. Prefontaine said, "We realize there are a lot of corners, but we felt this route will be safer for both the runners and the spotters than the previous route that covered more of Route 6.

He served those two years but chose not to seek election for the five-year term in 1991. With no one running for the office, Mr. Thompson received nine write-in votes and continued for one year more.

This past April election, Mr. Thompson asked voters not to write in his name; voters listened, there were no write-ins for him.

At last Tuesday's selectmen's meeting, members of the Housing Authority, with spokesperson Mrs. Marlene O'Neill asking on behalf of her board for the selectmen to recognize Roger Thompson as a former member and former president of the Housing Authority Board. Mrs. O'Neill said Roger came into the office when there were a lot of issues to be addressed - it was a difficult period when building of a housing complex was being considered for the town. "As a volunteer Roger has done more than his share, more than an elected official is expected to do."

Selectmen Daniel O. Mahoney and Paul E. Lambalot agreed with the authority members on the good work Roger has done and presented him with a certificate recognizing his dedicated service to the town.

Other board members present were Pat Bernard, Roy Andrews, Elaine Contant, and Louise Sousa, executive director of the Housing Authority.

Summer Exhibits, Museum

This summer, the two month-long exhibits at the Mattapoisett Museum and Carriage House will focus on the talents and creativity of Mattapoisett residents.

Both the July and August exhibits will give you the opportunity to appreciate the creative pursuits of your friends and neighbors. These are not necessarily professional craftspeople, but folks who have developed a skill which they enjoy and are willing to share with the community.

July will feature the crafts of Mattapoisett's women and August the crafts of Mattapoisett's men.

If you have a craft which you pursue, as often as your time allows, and you would like to submit it for consideration

The band was competing in the junior high-middle school division and George Parks and Walter Chestnut, prestigious University of Massachusetts Amherst music directors who were judging the competition this year, awarded the OHS band a gold medal for their performance. Both judges were extremely impressed with the band's performance in all musical areas which included balance, intonation and overall musicality. This is the second year in a row that the OHS band has been awarded a MICA gold medal.

On April 9th the OHS band performed the same program for The Friends of Old Rochester Music scholarship concert at the Old Rochester Regional High School to a sell-out crowd.

DESIGNER KITCHENS BY Angela

From Old Hammondtown

Lucas Menard explains to the class how to distinguish a male from a female herring.

During the week of April 6th Miss Aiken, a fifth grade teacher at Old Hammondtown School noticed a large flock of gulls hovering above the herring run. She realized the time had arrived for her class to learn more about the herring fish. Thus, the research projects were assigned and the field trip was arranged.

On April 15th Miss Aiken's class was welcomed to the Herring Weir by Mr. Nunes, Mr. Watling, Mr. Robinson and Mr. Pepin. The gentlemen helped the children by answering many of the questions they still had upon completion of their reports. Mr. Nunes netted herring for the children to examine and Mr. Watling demonstrated how many of the fish are transported safely to the ponds in

PROGRESS REPORTS

Fourth quarter progress reports will be distributed to grade 7 and 8 students at Old Rochester Regional Junior High School on Friday, May 8th.

Back in Time

In 1946 and 1947, just after World War II, the town of Mattapoisett was smaller and entertainment had to be homemade. The late Al Furnans and friend, Bob Felton, to fill the need in that era before TV, gathered together some reels of film, sold some advertising space for leaders, and showed a series of movies at Mattapoisett Town Hall. Long-time residents will recall very well that the old Auditorium on the upper floor had a stage and the back had a projection booth. The shows provided some much appreciated diversion to townspeople, although not hugely profitable.

These photos were taken from the leader advertising film. Can you identify and locate these businesses, many of which are still in existance with a new owner and many with an addition or much changed facade. Many thanks to Mrs. Madeleine Furnans for the photos.

This is the old "Gulf Hill", still very recognizable although very much improved each year. It is now "Oxford Creamery" and still as popular as it was in 1946. Donald Blanchette is the proprietor.

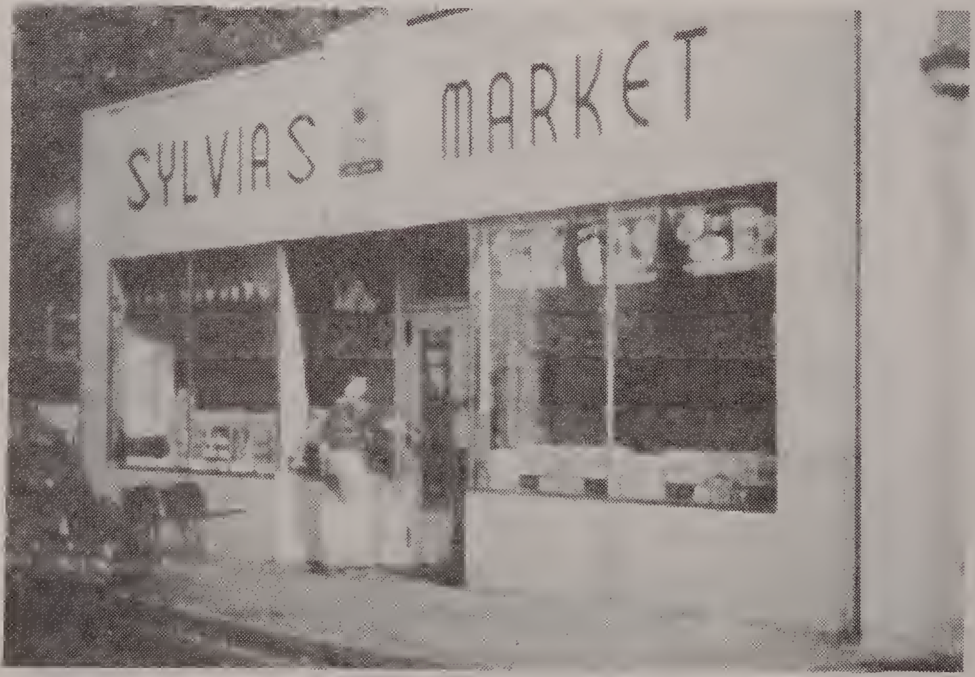
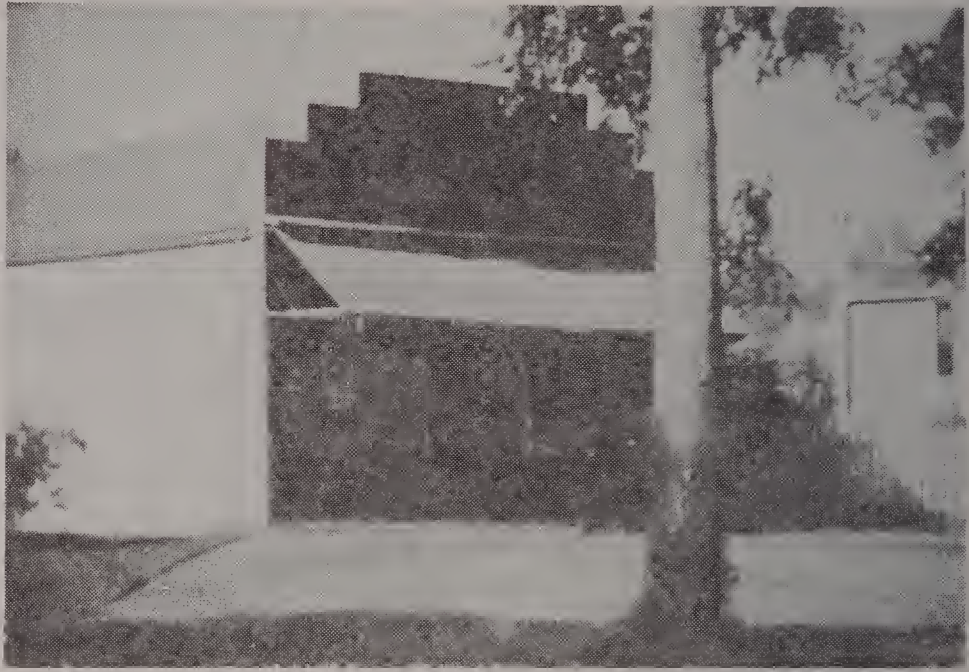
This building, "Seafood Market" was run by proprietors Ann and Paul Bradley. It is now much enlarged and changed and is the familiar "Brad's" on Route 6 opposite the Post Office.



"Sylvia's Market" was the place to shop for groceries and, if you could not get there, Mr. Sylvia would send Johnny Souza to deliver. It was located on Church St. across from the Historical Museum. It is now a residence.



Frank's Market (now Tedeschi's), located on Rt. 6 across from the Chowder House was owned by Frank Pimental and then by Tillie and Lester Teixeira. It was the supermarket of the time in Mattapoisett. After leaving Sylvia's Market, the late Johnny Souza was a popular worker at Frank's.

Messages of Thanks

Mary Keane wishes to thank everyone who sent cards wishing her a speedy recovery from her recent operation.

A THANK YOU

We would like to thank the Rochester Police, Fire Department, volunteers and friends who were involved in the search for us on April 20th. Little did we know what started out as an hour walk would end up an all day trek. We are very grateful for your help. Without your constant searching we would have had to spend the night in the woods. Thanks a lot.

1992 Survival Expedition

The fabled SURVIVAL PROGRAM, an integral part of the Old Rochester Regional Junior High School Health-Science Curriculum in Grade 7, is scheduled to occur from Friday, June 12th, to Thursday, June 18th.

The week-long outdoor experience has a rich, twenty year history, tracing back to its originators, Jim Hubbard and Carleton Vaughan. Jeff Rodman, our current leader, has estimated that more than nineteen hundred grade 7 "Survivors" have participated in the program since its inception.

Among those numbers, we suspect, there are many who have not continued to use equipment purchased for the wilderness expedition. Backpacks, cooking utensils and other related camping equipment are actively being sought by our Survival Advisory Committee to ensure that all of our young people who wish to particiapte in the program will have the means to do so. If it is possible for you to donate or loan such equipment to our Survival equipment pool we would appreciate hearing from you. Simply call Jeff Rodman or Bob Gardner at 758-4928.

Information regarding our 1992 Survival Expedition will be presented at the annual Survival Presentation meeting Wednesday

CATHOLIC CHARITIES: The annual appeal which is presently underway is the primary means by which we maintain the diocesan apostolates that bring comfort to the sick and troubled, encouragement to those with disabilities, information to engaged couples, permanent deacon candidates and students at secular colleges.

FIRST EUCHARIST: Rehearsal for First Eucharist is Friday evening, May 8th, at 7:00 p.m. We ask that a parent stay throughout the rehearsal. The girls' headpieces can be paid for and picked up at this time.

First Eucharist is Saturday, May 9th, at 1:00 p.m. We ask that all children receiving First Eucharist be in the Church Hall by 12:30 p.m. A reception in the church hall will follow the Liturgy. Everyone is invited to attend.

Rick Regan will be available to take a picture of your child AFTER the First Eucharist Mass. Please return the form stating whether or not your child will have his/her picture taken. Payment is due by Friday, May 8th. No money will be collected First Eucharist Day.

Volunteers Honored

"Volunteers Give Us the Gift of Time" is the National Volunteer Week slogan, and the Mattapoisett Council on Aging recognized about 100 volunteers on April 27th at Village Court. Certificates recognizing the over 12,000 hours donated to assist the elderly residents of Mattapoisett were presented by an honored guest, State Elder Affairs Secretary Franklin Ollivierre. Charles Sisson, Director of New Bedford Coastline Elderly Services, Inc., also presented each volunteer with an ID card designating them as a member of the Eldercare Volunteer Corps from the U.S. Administration on Aging.

Special mention was given to Donald C. Jason, publisher of the Presto Press, for his assistance to the Council on Aging for many years. His services in printing the Council news will be sorely missed as a lifeline to elderly residents of Mattapoisett, said Evelyn Pursley, Chairperson. As Mr. Jason was unable to attend the Recognition Party, his certificate will be given to him at a later date.

A certificate was presented to Selectmen Chairman John DeCosta at a meeting April 23rd with the town Finance Committee as he was unable to attend the April 27th event. The chairman was recognized for the many hours he has worked helping the elderly.

(The list of volunteers appeared in the April 29th issue of the Presto Press.)

Mr. Ollivierre said, "Councils on Aging are an important network on aging giving care no matter where the elderly live. People can have a 'happy aging'. The best kept secret in the Commonwealth is the large number of volunteers doing what they do, and enjoying it." In reminiscing about his boyhood growing up in New Bedford, Mr. Ollivierre said he remembers when Route 6 was the main road to the Cape and not the highways we have today. "The air is different in Mattapoisett by the sea, and

it's a pleasure to be here." The Secretary was accompanied by his Assistant Secretary for Program Management, Lois Simon. Ms. Simon noted Mr. Ollivierre had a full day, with speaking engagements in New Bedford and other towns before returning to Boston, and he was happy to be able to speak to the Mattapoisett volunteers.

Mr. Sisson explained Coastline as a multi-facet agency, covering many services. "Volunteers are valuable - they give something back."

Mary Luby, Director of Wareham Lighthouse Hospice, gave a brief summary of the 20 hours training necessary to become a hospice volunteer. She noted Evelyn Pursley, Council Chairperson, is a faithful volunteer. The director said, "Lighthouse Hospice is celebrating its 10th year, and now includes 10 towns in the area. When Hospice volunteers are asked why they tend to terminal patients they say 'We make a difference'."

Also recognized with a certificate was Louise Sousa, executive director of the Housing Authority, in appreciation for graciously allowing the Council on Aging to hold its events at Village Court.

Tobey Hospital, as provided in the Tobey family's will. Hospital annals tell the story of the building's link to the Tobey family. The elaborate, brick building was erected in 1917 by Blanche Waterman Tobey, in honor of her son, George Oakes Tobey, Jr., and later left to the town specifically for use as a public library. George died of acute appendicitis in 1915 at the age of 43. It was said at that time by family practitioner Dr. Morse that George would have lived had there been a hospital in Wareham. George's sister, Alice Tobey Jones, is the benefactor of Tobey Hospital. It was through her bequest in 1938 that the hospital was born.

Hospital President John M. Carlson notes, "We appreciate the historic value of the property and its usefulness to the hospital The building will provide much needed space for offices, meetings, and community health programs."

Frogskins.

Oakley Frogskins. Definitely not for those who want to blend in with the scenery.

Of course, like all Oakley products, Frogskins are more than great looking shades. They're also great eye protection.

Starting with our pure Plutonite lenses, in gray, bronze or Iridium coated. Plutonite is 100% effective against harmful UV light. And exceeds industrial standard ANSI Z 87.1 for impact resistance and optical clarity.

The lenses are held in our rugged, lightweight Virgin Serilium™ frames, bamboo tumbled to give them their unique, silkiness. And the earstems are attached with strong, three-into-two stainless steel hinges.

So, if you'd like some shades that are guaranteed to stand out from the mass-produced corporate-American gray-flannel environment, pick out a species of Oakley Frogskins.

And let them jump on your face.
